

GROW

GROWTHERAPY.COM

A practice that runs smoothly, so your focus stays on care

Partnering with Grow means having the tools, support, and community to run your practice the way you've always wanted — in one place. Your provider portal puts you in control of how you work, how you grow, and how you see your clients.

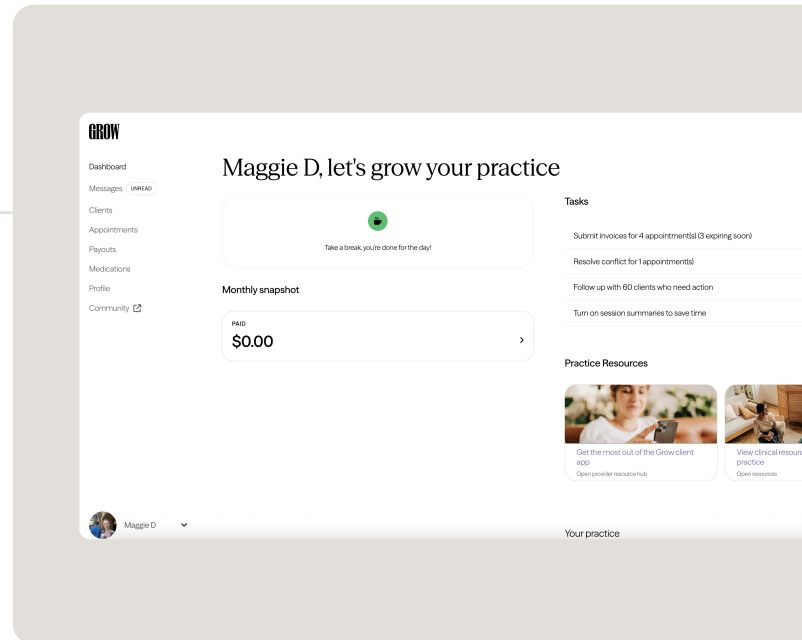

Dashboard and appointment management

Provider dashboard

Quickly surface your appointments for the day, stay on top of outstanding tasks, view your earnings, and easily share your client scheduling form with the click of a button.

Caseload full or needing new clients? Toggle your availability on or off to receive referrals from all of the directories you're featured on with Grow!

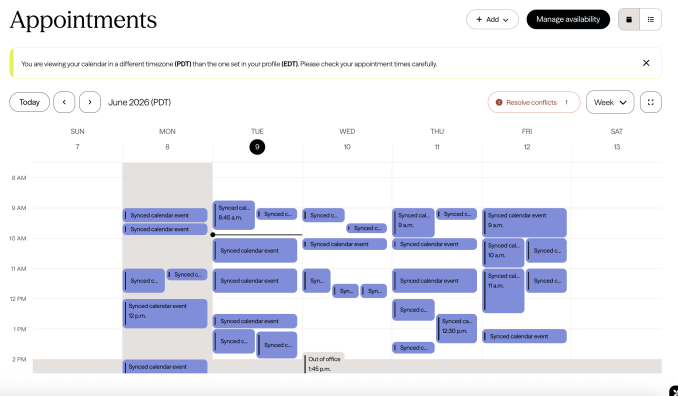

Appointment management

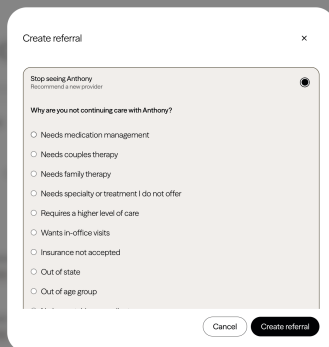

Stay on top of your appointments with a seamless calendar integration. You set your daily availability within the portal, and your weekly schedule will be populated alongside personal commitments synced from popular calendar platforms like Google, Apple, and Outlook.

Enjoy flexible rescheduling, booking follow-ups, and setting up recurring appointments. Appointments are color-coded for easy differentiation between intake sessions, and follow-up appointments, and you can easily block off times on your calendar to prevent client bookings without changing your overall scheduling preferences.

Appointments

Referrals and invoicing

The 'Create referral' modal is a white box with a close button (X) in the top right corner. It contains a header 'Stop seeing Anthony' with a sub-header 'Recommend a new provider'. Below this is a section titled 'Why are you not continuing care with Anthony?' with a list of radio button options: 'Needs medication management', 'Needs couples therapy', 'Needs family therapy', 'Needs specialty or treatment I do not offer', 'Requires a higher level of care', 'Wants in-office visits', 'Insurance not accepted', 'Out of state', and 'Out of age group'. At the bottom are two buttons: 'Cancel' and 'Create referral'.

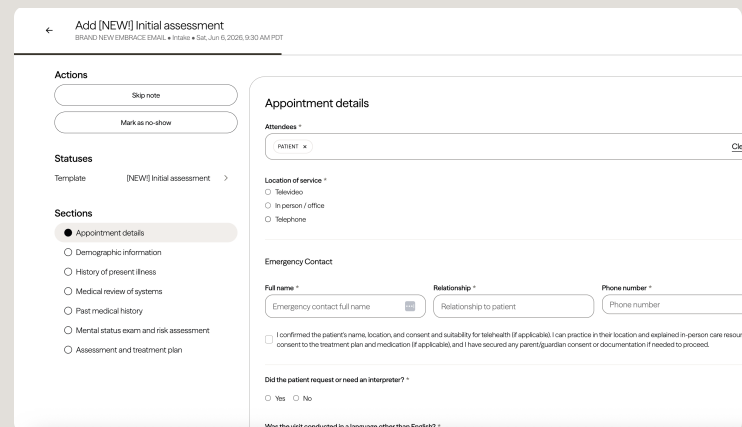

Referrals

Refer clients to other Grow Therapy providers, and prescribers for medication management within the portal, enhancing collaboration, and continuity of care.

You can easily toggle your referrals on or off, providing you with full autonomy over referral volume from both insurance companies, and your peers at Grow.

Invoicing and billing

Submit your invoices, and our billing team will take it from there! You can invoice directly from your calendar appointments, streamlining your billing process. If you're behind on invoicing, notification icons will let you know

The 'Add (NEW!) Initial assessment' form is a white box with a back arrow and a title bar. Below the title bar is a breadcrumb trail: 'BRAND NEW EMBRACE EMAIL' > 'Initial' > 'Sat, Jun 6, 2025, 9:30 AM PDT'. The form is divided into several sections: 'Actions' with buttons for 'Skip note' and 'Mark as no-show'; 'Statuses' with a dropdown menu showing 'Template: (NEW!) Initial assessment'; 'Sections' with a list of radio button options: 'Appointment details' (selected), 'Demographic information', 'History of present illness', 'Medical review of systems', 'Past medical history', 'Mental status exam and risk assessment', and 'Assessment and treatment plan'; 'Appointment details' with a dropdown for 'Attendee' (set to 'PATIENT'), a dropdown for 'Location of service' (set to 'In-person / office'), and a dropdown for 'Emergency Contact'; 'Full name' with a text input field; 'Relationship' with a dropdown menu; 'Phone number' with a text input field; a checkbox for 'I confirmed the patient's name, location, and consent and suitability for telehealth (if applicable). I can practice in their location and explained in-person care resources to the treatment plan and medication (if applicable), and I have secured any parent/guardian consent or documentation if needed to proceed.'; a section for 'Did the patient request or need an interpreter?' with 'Yes' and 'No' radio buttons; and a section for 'Was the visit conducted in a language other than English?'.

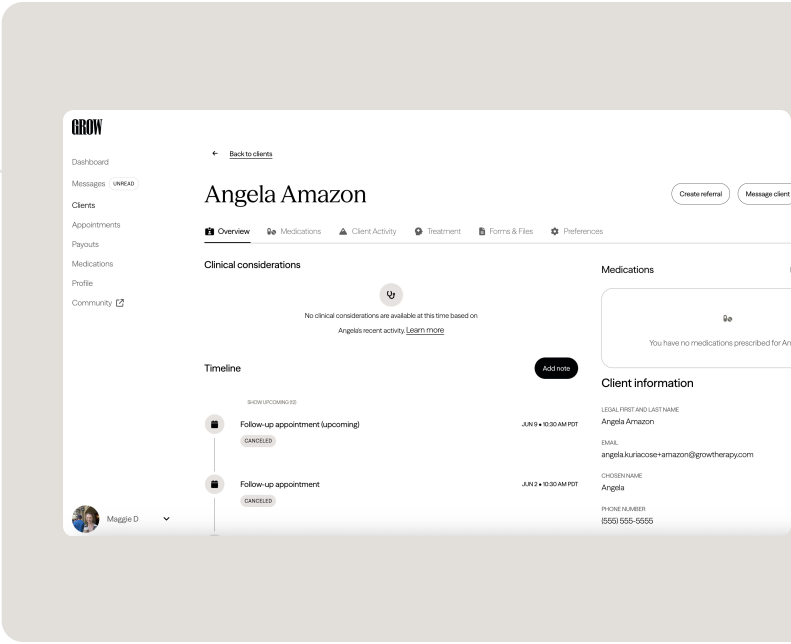

EHR and secure messaging

EHR

Our electronic health record allows you to easily review client contact information, insurance provider details, and update treatment plans.

Streamline note-taking with prefilled content based on previous sessions, reducing documentation time.

Stay on top of your documentation by easily sending, and organizing forms, assessments, and other client information.

Messages

Secure messaging

Exchange messages, and files with clients while ensuring privacy, and compliance with safe, and professional communication.

Earnings and support

Earnings

Receive clarity, and convenience with your earnings. View all submitted earnings, and easily track your payouts, with weekly direct deposit based on account accrual.

Dedicated support

For immediate support, we have a help center full of articles, videos, and frequently asked questions. Have a billing, scheduling, or marketing related question? Reach out via the chat feature so that our team can quickly connect you with the correct team to get you assistance within 24 hours.

Personalized profile management

Personalized profile management

Create your personal brand as a therapist by telling your story to current, and prospective clients. Highlight your specialties, preferred treatments, clients you specialize in, and what makes you unique as a therapist to receive expert client matching.

You can also set your scheduling preferences, and take control of your practice! If you have an in-person office you're able to set which days of the week you're available both in the office, and virtually.

💰 \$100 per session

About

Hi, I'm Alex Martinez, a therapist dedicated to helping individuals build healthier relationships with themselves and others. I use evidence-based and attachment-based approaches to support clients in understanding emotional patterns, improving communication, and navigating life's challenges. I strive to create a warm, collaborative, and nonjudgmental space where clients feel safe to explore their experiences and work toward meaningful personal growth.

Schedule 60 min\$100 • Cash

First session

In a safe environment where we'll focus on you to therapy, I'll ask questions about your background, current concerns, and goals, and we'll begin exploring patterns that may be influencing your experiences. I'll also explain my approach, answer

Schedule

Grow is the professional home for independent clinicians.

We're as invested in you as you are in your clients, so we carry the business of practice while you focus on care. Get paid reliably and on time while we take on the payor negotiations. Work in technology built for how clinicians actually practice, backed by a team that's invested in your success and supported by a vibrant peer community that gets it.
